By signing this agreement, I understand the following:

- 1 I am a full time, permanent employee of the University of Tennessee, and have been employed as such for at least six months.
- 2 Any previous computer payroll deductions have been paid in full.
- 3 I understand that a once started, there can be no additions or changes to a payroll deduction.
- 4 I understand that a payroll deduction may be paid off **IN FULL** at any time, but partial payments will not be accepted.
- 5 I understand that the payments for this payroll deduction will be deducted in twelve monthly payments (if paid monthly) or from every other check if paid biweekly. If biweekly, this could result in two payments being taken out in a single month when there are three pay periods.
- 6 I understand that if I leave the employment of the University of Tennessee for any reason, the **FULL REMAINING AMOUNT** of the payroll deduction will be due and payable immediately.
- 7 I understand that if I should need to voluntarily return the computer due to inability to make the payments, there will be **NO REFUND** of past payments made. I also understand that returning the computer system in this manner may not completely remove my liability. The amount owed will be contingent on the condition and salability of the equipment.
- 8 I understand that the warranty of this computer is with the manufacturer of the computer not the UC Computer Store. Therefore, the manufacturer will provide any technical support.
